

Travel Report Zanzibar August 2018 – November 2018

About us:

Our names are Janne De Roover, Alisha Meier and Lize Cooremans (from left to right). We had the pleasure to be in Zanzibar with CAAA for 3 months. In this time we did everything we can, to help the local school in Ndijani.

What we did:

We did some painting.

We showed the teachers how to use the computer. Mainly we showed them how to use Microsoft Word. For example how to do a timetable.

That they have the possibility to do exams, we bought them a printer.

To make the playground more safe to play, we let the stones remove.

Good to know:

- If you have a problem / a question or need some advise : Apro is always there for you. He's a hero !
- We recommend you to buy a local SIM card. It's the easiest way to stay in contact with the locals.
- The, for us easiest way to get Shillings, was going to the ATM. There's an ATM on the way to school in Paje.
- Clean your room, otherwise the cockroaches are coming. If there is a cockroache visit you in your room, don't kill him/her. They spread eggs before they die. Better take it with a piece of paper and throw it out of the window. 😊
- You can do your laundry in Paje in B4Beachclub. They have two washing machines.

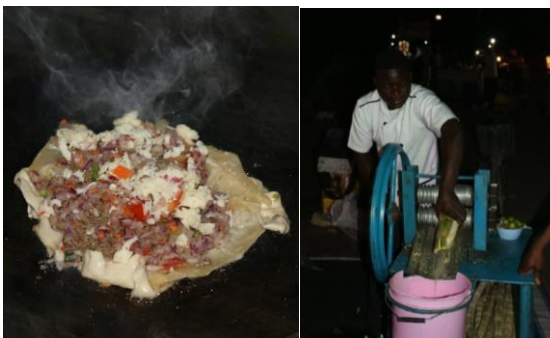

What to do in your spare time:

Snorkeling in the turquoise blue water in Dongwe was one of the most beautiful experience.

There's a spice farm near Machui. If your interested to go there, you should let Apro know, because he can arrange a better price for you.

A must do is the Night Food Market at Forodhani Gardens, Stone Town. There we can deeply recommend you to try the Zanzibari Pizza and the fresh cane sugar juice.

Every evening you can find some nice places with really good live music.

There's a super yummy, local, cheap restaurant in Paje, called Africana BBQ. It's open 24/7.

In Jambiani, there's a local Pub called Wonder Beach. It's super nice to spend some time there, get to know locals and playing some pool table. Also there you can find the cheapest beer.

Don't miss the breath-taking sunsets in the north of Zanzibar. (no filter 😊)

Go to the Jozani Chwaka Bay National Park. There you can observe a lot of red colobus monkeys, see the beautiful forest and huge mangroves. If you say you're a Volunteer you only pay the half entrance.

If you have any questions, you can always contact us.
